

2016 Tri-Flex Merger Updates

04/09/16

Includes Models:

➤ **New TF6130 & TF6135 Mergers**

❖ **Status: Informational**

Recently the new TF6130 & TF6135 were released.

Attached is a pdf power point presentation to view the updates to the new models of mergers. Below are some of the major changes to the rakes that you can discuss with your dealers;

1. Updated deflector design.
2. New skid shoes.
3. New ROTA sensor cylinders.
4. New style cross-conveyor belt w/belt pan
5. Optional BKT tire.
